ACTIONS:

1. The DCI requested a memorandum estimating reaction to the inclusion of two POL targets in North Vietnam in connection with ROLLING THUNDER target lists. This would include POL targets within the sanctuary area as well as the entire country. (Dr. Kent as soon as possible)

2. DCI requested that the briefing of the 303 Committee on the OX deployment be deferred until after Secretary McNamara has been briefed. (Dr. Wheelon in the course of the day)

3. Executive Director suggested that at a future Morning Meeting a briefing be given by DD/S on [redacted]

25X1

4. The DCI noted an article in the New York Times which reported that a group of private citizens was urging a moratorium on the U. S. development of an anti-missile missile. The DCI would like a memo on the Soviet efforts in this field, complete with pictures as well as an estimate of reactions of U. S. development of an all-out NIKE-X deployment. (Dr. Kent as soon as possible.)
